

**Rosette Joseph**  
PMHNP-BC, CNRN

## About Rosette Joseph.

Rosette Joseph, PMHNP-BC, CNRN, is a certified psychiatric-mental health nurse practitioner with over two decades of experience as a dedicated bedside nurse in distinguished hospitals. This extensive background has honed her ability to perform thorough assessments, ensuring comprehensive and individualized patient care.

Rosette's unwavering commitment to helping others and making a positive impact is evident in her approach to patient interactions. She prioritizes transparent and empathetic communication, striving to create a welcoming and supportive environment for every individual she engages with. Her primary goal is to establish a rapport that fosters trust and comfort, allowing patients to openly express their concerns.

Believing firmly in a collaborative, patient-centered approach, Rosette encourages open dialogue to address needs effectively. She aims to empower her patients by genuinely listening and working together to develop tailored solutions. Her ultimate mission is to leave each patient feeling heard, valued, and equipped with the tools to enhance their well-being.
